

Rubric for Bachelor of Science in a Non-Animal Science Related Field

Points will be awarded based on the following basis:

15 points per quarter credit

10 points per semester credit

Up to 200 points in areas of study related to general sciences. You must earn no less than a C- for a course to be counted towards credit points

General Sciences:

Up to 200 points in areas of study related to general sciences. (mathematics, physics, biology, chemistry, biochemistry, etc.)

Animal Science Specific Courses:

You must provide a course syllabus in addition to your transcript to earn points for any credit earned in animal sciences towards your education requirement.

Supplemental Course Work:

If your transcript does reach the threshold to achieve the required points to satisfy the educational requirement, you may supplement your transcript in two ways. You may:

- Earn 1 point per 1 hour of RACE approved, in-person continuing education.
- Earn credits by taking courses at an AVMA or CVTEA accredited school in veterinary science related courses.

Example Rubric Breakdown

General Sciences Courses: (Max 200)

1. Biology 3 credits (semester)=45
2. Mathematics 3 credits (semester)=45
3. Chemistry 3 credits (semester)=45
4. Environmental Science 3 credits (semester)=45
5. Biology Lab 2 credits (semester)= 30

Animal Science Courses: (Total 90)

1. Animal Anatomy and Physiology 3 credits (semester)=45 points
2. Animal Nutrition 3 credits (semester)=45 points

Continuing Education: Total (10)

- 6 hours 'RECOVER CPR course'=6 points
1 hour 'Talking to Clients: Euthanasia'=1 point
2 hours 'SOAP Medical Records'=2 points
1 hour 'Emergency and Critical Care Nursing'=1 point

300 Point Requirement Met

Transcript Calculation Form (For Non-Animal Science Related BS Degrees Only)

A course description/syllabus for all courses from BS transcript must be submitted for approval.

General Science Course	Credit	Grade	Points
